Publication in the Refereed Conference Proceedings (Optional)

Publishing in the Refereed Conference Proceedings is free to registered and paid conference attendees. Conference proceedings are published under the Title "Global Conference on Business and Finance Proceedings," ISSN 1931-0285, CD format, and ISSN 1941-9589 online format. You can publish a 200-word abstract, a 5-page version of your paper or a full paper (not to exceed 12 properly formatted pages). All proceedings submissions must be in MS Word and must be formatted according to our proceedings guidelines located at

www.theIBFR.com/guidelines.htm. Your acceptance letter will include detailed information on how to publish in the refereed conference proceedings.

Outstanding Research Award

Registered and paid attendees may submit their paper for award consideration and possible publication in one of our journals. Award winners will receive a certificate and Award Plaque at the award luncheon. An acceptance letter and reviewer's comments are provided for award-winning papers. Award winners are required to properly format their document and make any other changes required by the reviewers and/or editor prior to journal publication. Please note that there is a \$25 per page publication fee for papers that are published in the journals. Submissions to the award competition are treated in the same fashion as a journal submission. Thus, all award-winning submissions are subject to a double-blind review process. Submitting a paper for award consideration implies that your paper has not been published elsewhere and is not under publication consideration elsewhere. It also implies that you are prepared to pay the publication fee if your paper wins an award.

Best in Session Award

Based on a peer-review process, in each session, a paper will be selected as the best paper in session for an award. Best in Session Award Winners will receive a certificate at the award luncheon and are invited to submit their papers to our regular review process for possible publication.
